STOCKTAKING SOLUTIONS

PHARMACY STOCKTAKING & RETAIL SUPPORT

COMPLETE ASSURANCE WITH RAS PHARMACY SOLUTIONS

A complete range of professional services for all your pharmacy stocktaking and merchandising requirements...

Delivered by our pharmacy specialists, trained in count methodologies and drug classifications our Fully Managed Service provides a complete, cost-effective and professional solution.

We also provide a flexible solution for Self-Managed Stocktaking. Using your own staff, we will provide the equipment and a RAS Pharmacy Account Manager to coordinate the process and to provide independent verification.

Our services can be provided independently or combined for greater cost effectiveness, all tailored to your organisation's infrastructure and to suit individual budgets and processes.

Our Merchandising Support Service can provide you with assistance for store openings, re-fits, stock management solutions and range review management.
