RETAIL STOCKTAKING & INVENTORY MANAGEMENT

STOCKTAKING SERVICES

ASSET FOCUSED • SOLUTION BASED • RELATIONSHIP LED

BUSINESS INTELLIGENCE FOR OPTIMISED INVENTORY

Accurate stock levels ensure that you can plan with confidence, maximise profits and provide a greater customer experience...

Whether you are a retailer, distributor or wholesaler, we can offer a professional and reliable service for all your inventory management needs.

As specialists in retail and wholesale stocktaking, we can help your business increase efficiency and maximise profit. We can also help minimise shrinkage, disruption and fraud, ensuring you can meet the challenges of today's fast-paced retail environment.

Using pioneering Start2™ technology, we can provide accurate, timely and informed stock visibility insights, allowing you to update your stock holdings and ensure the right products are on your shelves all the time.

We have developed specialist approaches and mobilisation plans for all our services. Whether you take an individual service or a full end-to-end solution you can be assured that you will always receive a tailored experience.

STOCKTAKING FOR:

- All types of retail
- Wholesale
- Warehouse
- Cycle counts
- Perpetual counts
- Focused counts

THE RAS STOCKTAKING PROVISION

- Accurate stock files; we make it easier to check stock anomalies, ensuring counts really do provide a true valuation.
- Improved operational efficiency; we provide stocktaking preparation guidance to site.
- Dedicated auditors; to allow your co-workers to concentrate on your customers.
- Exclusive teams; our colleagues will become your colleagues and will develop familiarity with your business processes.
- Flexible scheduling; we are available wherever and whenever you need us.
- Highly efficient counts; completed without disruption to staff, customers or suppliers.
- Experienced auditors; providing independent validation.
- Real-time results; visibility and reconciliation performed to your specification through our START2™ intelligent client portal.
- Tailored services; to achieve your critical objectives and specifications.

RAS Stocktaking provides significant benefits:

Increased profit whilst reducing loss.

Accurate stock files to assist product performance analytics.

Increased on-shelf availability, supporting the visibility of stock to increase sales and customer experience.

Improved accuracy for new inventory orders.

Greater ability to investigate and rectify variances.

Experienced auditors providing independent validation.

Intelligent inventory insight and stock management; **delivered.**
